

County workers: your health plan costs are changing for 2027

The County's own published numbers — in plain language, with a free calculator to check your own.

\$398.21 every paycheck

The cheapest family plan for 2027 (Kaiser HDHP) takes \$10,353 a year out of an employee's pay — and that is the lowest-priced family option in the County's preliminary tables.

121 of 132

County job classifications where family coverage costs more than the federal affordability limit — 10.22% of pay — at the midpoint of the pay range, even on the cheapest plan. On the median-priced plan, it is all 132.

+21.24%

The 2027 renewal increase on the Anthem plan in the County's health pool (San Joaquin Valley Insurance Authority) — the backdrop for every deduction in the new tables.
